

#IndocoCares

In our fight against CORONA VIRUS outbreak, the Indoco Management & Staff pledged to contribute Rs. 1 Crore to the Hon'ble Prime Minister's 'Citizen Assistance and Relief in Emergency Situations Fund' (PM-CARES Fund).

Indocoites take pride in following the path led by our Founder, Late Shri. Govind R Kare to give back to the society, a part of what we receive from it.

Additionally, our teams are proactively working with each of our business functions, locations and support facilities to adapt to the new working environment. As a result, our manufacturing facilities and supply chains are able to work round the clock to ensure uninterrupted supply of essential medicines and services.

We are together in this challenging time and shall soon come out stronger.
