Indoco Remedies Launches Ticagrelor 90mg Tablets in UK Through Clarity Pharma Distribution

Indoco Remedies has introduced Ticagrelor film-coated tablets, 90mg, to the UK market. The cardiovascular treatment will be distributed across the United Kingdom through Clarity Pharma, marking a significant step in expanding access to this medication for patients requiring antiplatelet

therapy.

The launch of Ticagrelor tablets aims to address the needs of individuals dealing with acute coronary syndromes and other related conditions. Indoco Remedies is collaborating with Clarity Pharma for distribution, ensuring the product reaches healthcare providers efficiently. This development reflects ongoing efforts to enhance availability of essential medications in international markets.
